

Real Estate Assets

Real Estate Assets

Department Description

The Real Estate Assets Department manages the City's real estate portfolio and provides direction in the operations of Concourse and Municipal Parking garages, QUALCOMM Stadium, and PETCO Park. The Real Estate Assets Department has been reorganized to reflect its three main divisions: Acquisition/Disposition, Asset Management, and Corporate Services.

The Acquisition/Disposition Division provides acquisition and relocation services for the City of San Diego including appraisal and acquisition of sites for public facilities, parks, open space and right-of-way for the Street Division within General Services. The Division is also charged with cataloging and evaluating City assets to determine which properties are essential for the City's core mission and which can be deemed surplus and made available for disposition. The Division handles the disposition of properties that are determined to be surplus.

The Asset Management Division is responsible for managing the City's diverse real estate portfolio. The Asset Management Division's responsibilities include the administration of over 620 of the City's existing unsubordinated ground leases, and over 150 permits, operating agreements, use and occupancy agreements, and sub-leases. Another primary function is the management and administration of redevelopment of existing leaseholds. The Division handles the negotiation of new leases and permits; renewing expired leases and permits; calculating and implementing rental adjustments; and ensuring lease compliance.

The Corporate Services Division is tasked with planning, organizing and executing transactions that support all of the City's facilities needs. The Division works with individual City departments to determine how much space is needed and whether the requirement can be best accommodated through occupancy of City-owned properties, a lease from an outside entity, or the acquisition of a new facility.

The Concourse and Municipal Parking Garage special revenue fund provides management for the rental and use of the Community Concourse facilities. In addition, the Department manages the Evan V. Jones Parkade and World Trade Center (WTC) garages in order to provide parking spaces for employees, WTC lessees, and the general public. The Community Concourse is comprised of Golden Hall, Plaza Hall, various conference rooms, box offices, administration offices, and support facilities.

Real Estate Assets

The Department's mission is:

To acquire and manage real estate for the highest public use and benefit, generate revenue through leasing and sales of surplus assets and maximize the overall financial return of the City's real estate portfolio

Goals and Objectives

The following goals and objectives represent the action plan for the Department.

Goal 1: Professionally manage real estate assets

The City has over 600 ground leases that generate over \$70 million in revenue a year. To maximize this income stream, the City's lease portfolio requires expert management to ensure that the leaseholds continue to perform at their highest possible level. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Exercise effective lease administration
- Improve value of assets

Goal 2: Optimize the City's assets

The City owns over 3,800 properties with a total size of approximately 120,000 acres. Among these properties are some surplus properties that do not directly provide value to the City. The surplus properties are put to use either by leasing them to create revenue for the City or by selling them to generate revenue for the Capital Improvement Fund. The money generated by the leasing and sale of the City's real estate is a vital component of the City's budget. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Develop new revenue sources
- Divest of surplus property
- Maximize lease revenue
- Create redevelopment opportunities

Goal 3: Optimize human resources

Management of the City's real estate portfolio requires a staff that possesses high levels of technical competency and professionalism. These skill sets must be developed and nurtured for the City's real estate portfolio to achieve optimum performance. The Department will move toward accomplishing this goal by focusing on the following objective.

- Create a culture of success

Goal 4: Centralize management of the City's workspace resources

The City has over 10,500 employees. The implementation of an effective facility plan can reduce costs and improve efficiency City-wide. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Enhance operational efficiency
- Provide a quality work environment at the best price

Service Efforts and Accomplishments

The Real Estate Assets Department has made many changes in the way it conducts its core functions to ensure the City's Real Estate Assets are maintained and managed to the highest standards. The Department's changes resulted in the following improvements:

- The Department was reorganized to align with its core functions; Property acquisition/disposition, Asset Management, and Corporate services.
- An audit was completed of City-owned properties which showed that out of approximately 3,800 properties only two properties were unaccounted for.
- Total lease revenues were increased by 11 percent to a total of \$71 million.

Real Estate Assets

- The City saved over \$1.2 million per year in rent payments by relocating City departments to City-owned space, and subleasing or surrendering excess, unneeded space.
- The Department acquired and began implementation of a state-of-the-art software system (REPortfolio) that will replace the department's antiquated and outdated mainframe-based system.
- The Department began scanning paper files to an electronic format for easier access and improved security.
- The Department acquired ten properties for City use with a total value of \$7.8 million.
- The Department sold 14 excess properties with a total value of \$14.8 million.
- The Department currently has 19 City-owned, excess properties for sale with an estimated total market value of \$37 million.
- The Seaforth Sportfishing lease was renegotiated so that redevelopment of the leasehold would occur; resulting in more than \$54 million in revenue which will be generated over the 40 year term.
- Council Policy 700-10 (leasing and sale of City real estate) was redrafted and the Department will present the new Leasing Policy to Council for approval in March 2008.
- New transaction reports for Council were designed that ensures complete disclosure and transparency for property sales and leases.
- The Department completed 32 telecommunication leases for over \$900,000 of annual rent, and over \$500,000 of prepaid rent.
- The Department initiated a new streamlined lease approval process for telecommunication tenants, which will result in improved service and efficiency.
- The Department initiated and completed a global appraisal for agriculture leases which improved its effectiveness in determining rents.

Annually, the parking garages provide parking for more than 1,100 City employees. During the past year, the Concourse has been the site for more than 120 events which include the following:

- Naturalization ceremonies for immigrants becoming United States citizens
- Salvation Army holiday dinners
- Homeless children's Christmas parties
- The California State Bar exams
- The North Park Apostolic Church services
- Various employment job fairs

Budget Dollars at Work: Performance Expectations

Goal 1: Professionally manage real estate

Performance Measure	Baseline FY2007	Estimated FY2008	Target FY2009
1. Amount of revenue collected from leases ¹	N/A	\$72.6M	\$76.6M
2. Percent of rent reviews initiated on time	N/A	100%	100%
3. Percent deviation between actual revenues and budgeted revenues	N/A	up to 10%	up to 10%

Goal 2: Optimize the City's assets

Performance Measure	Baseline FY2007	Estimated FY2008	Target FY2009
1. Amount of revenue from sale of City-owned properties	N/A	\$15M	\$21M
2. Number of required appraisals completed	N/A	100	105
3. Amount of revenue received from telecommunication facilities located on City-owned property ²	N/A	\$1.8M	\$1.87M

¹ Amount includes all lease revenues collected by Real Estate Assets including General Fund, Enterprise Fund, and Special Revenue Funds. Real Estate Assets budget only includes certain General Fund Revenue accounts for a projected total of \$40 million in Fiscal Year 2009

Real Estate Assets

Goal 3: Optimize human resources

Performance Measure	Baseline FY2007	Estimated FY2008	Target FY2009
1. Percent of property agents taking professional development courses	N/A	50%	65%
2. Percent of property agents involved in professional organizations	N/A	60%	65%

Goal 4: Centralize management of city's workspace resources

Performance Measure	Baseline FY2007	Estimated FY2008	Target FY2009
1. Percent of City-wide facilities assessments completed	N/A	50%	100%

Budget Dollars at Work: Sizing and Workload Data

	FY2005	FY2006	FY2007	Estimated FY2008	Target FY2009
Workload Data					
Number of City properties managed	N/A	N/A	N/A	3,828	3,820
Number of leases managed	694	678	680	646	620
Number of leasehold site inspections completed annually	N/A	N/A	N/A	N/A	225
Number of lease rent adjustments commenced	N/A	N/A	N/A	140	140
Amount of revenue collected from Concourse and Parking Garage operations	N/A	N/A	\$3.18M	\$3.25M	\$3.32M

² Amount includes Revenue generated from all Telecom leases, not just General Fund. The Department's budget only includes certain General Fund Revenue accounts.
